

**FOR IMMEDIATE RELEASE – December 1, 2021**

**Electricity Disclosure Label is available for Plainville Community Electricity Aggregation program**

Plainville, MA – Our Town's community electricity program has posted the latest Electricity Disclosure Label, which describes the energy mix for all program options. The label can be found in the resources section on the program website [MassCEA.com/Plainville](https://MassCEA.com/Plainville).

Plainville Community Electricity Aggregation is a program offered by the Town of Plainville to provide residents and businesses with Town-vetted options for electricity supply. Plainville Community Electricity Aggregation does not replace National Grid, the electric utility in Plainville, which continues to deliver electricity, repair any outages, and billing, so customers continue to receive one bill. The program website, [MassCEA.com/Plainville](https://MassCEA.com/Plainville), contains a description of the program, forms, and a phone number to call with questions.
